INTERNATIONAL SCHOOLS,  
COLLEGES & UNIVERSITIES

**“How to Qualify for ASIC Accreditation”**  
*Within the context of ASIC criteria requirements*

**A workshop Organized by  
Association of Arab Universities (AARU) and Accreditation Service for  
International Schools, Colleges & Universities –ASIC UK Ltd**

**21 December- 2020  
10:00 am Amman time  
Zoom Link**

### **Overview and Objectives:**

ASIC provides a wide spectrum of accreditation services worldwide to education institutions including schools, colleges, universities, training organizations and on-line/distance learning providers. ASIC is a member of the British Quality Foundation and is one of a very small number of international accrediting bodies who have a signed MoU with the CHEA International Quality Group in the USA.

The primary objective of ASIC accreditation process is, to recognize and underpin an institution’s commitment to providing a high-quality learning experience for students in a safe, and hygienic environment, and to continuing quality enhancement of that experience. ASIC inspections include an examination of the content and standard of the curriculum as well as the quality of its delivery to learners. The seminar will also demonstrate how, through ASIC accreditation, ASIC can assist you with gaining a better performance with World University Rankings and the QS star rating

This workshop deals with a systematic step by step approach to preparing universities for ASIC accreditation. This will be conducted within the context of the specific requirements of ASIC. Specifically, it defines the processes by introducing and discussing in details the specific ASIC criteria needed for accreditation. The workshop will be aided by reference to many successfully accredited universities in Jordan and Bahrain.
