

ifgi Semester scholarship

in the Masters program in Geoinformatics Summer Semester 2011

The Institute for Geoinformatics (ifgi) at the University of Münster is one of the world wide leading institutions in GI Science research. With its Masters program in Geoinformatics, ifgi offers a one-semester scholarship (April 1 - August 31, 2011) for world-wide external students.

The scholarship targets holders of Bachelor degrees in Geoinformatics or related areas. The grant-holder will be invited to choose a 30 ECTS credit point study program from the ifgi course program: The ifgi scholarship includes:

- Monthly scholarship lump sum of 700 € per month (April 1 August 31, 2011).

- Tuition waiver for the summer semester 2011.
- Travel costs, up to 1.000 € according to the real and documented costs
- Language course "German for beginners" (if applicable)
- Pre-arrival and after-arrival support by ifgi.

Applications are according to the procedures described at <http://www.master-geoinformatics.info> - with the difference of a joint deadline for scholarship applications on **December 15, 2010**.

In addition, applicants are requested to suggest a study program of 30 ECTS credit points, selected from the ifgi course program (to be published beginning of December 2010 at <http://ifgi.uni-muenster.de/csa> - before, you might get an impression of the course program looking at the course program of summer semester 2010).
